

RADIAL TYPE ROOF FAN HORIZONTAL OUTLET WITH P.I.D. CONTROLLER

VKH-C SERIES

- *Galvanised sheet steel support base.
- *Horizontal air outlet and galvanized rain cap .
- *Backward-curved impeller. made of galvanised sheet steel.
- *The fans are rated for exhaust ventilation and air conditioning systems for various premises that require reasonable energy saving solutions and controlled ventilation systems
- *With AC motors, provides significant savings in electricity consumption
- *Bird control grille.
- *Single-phase 230V-50Hz.
- *These components are replaced by a maintenance-free electronic circuit board. AC motors are featured with high performance and well controllable speed range Premium efficiency reaching 90 % is a define advantage of electronically commutated motors.
- *Entegrated pressuare differentiated sensor provides automatic speed controller.
